

CORRECTIONS - ASSOCIATE OF APPLIED SCIENCE

Doña Ana Community College 2026-2027 Catalog Corrections

The Corrections degree emphasizes the correctional aspect of the criminal justice systems and offers a broad understanding of correctional institutions and alternatives.

Workers in the corrections field are responsible for overseeing individuals who have been arrested and are awaiting trial or who have been convicted of a crime and sentenced to serve time in a jail, reformatory, or penitentiary. The majority of officers are employed by local, county, state, and federal institutions.

While the primary mission of corrections is protection of the public, many officers are involved in the treatment, education, and reintegration of offenders. These officers may find employment as wardens, jail administrators, program coordinators and counselors, public information officers, correctional trainers, case managers, probation/parole officers, corrections officers, detention officers or other related careers.

NOTE: An articulation agreement exists with the New Mexico Corrections Department that makes it possible to receive college credit for experience and/or training.

NOTE: All courses in this program may be applied toward a Bachelor of Applied Studies of Individualized Studies degree at NMSU.
