

# LAW ENFORCEMENT - ASSOCIATE OF APPLIED SCIENCE

## Doña Ana Community College 2026-2027 Catalog Law Enforcement

The Law Enforcement degree emphasizes the law enforcement aspect of the criminal justice system. This degree offers the law enforcement student a general understanding of the police officer's multifaceted role in the United States. It also prepares the student with the basic foundations of police work for possible employment opportunities with local, state and federal governments, and private industry.

Most law enforcement officers are employed by the security industry and local, county, and state governments. They have duties that range from providing security to controlling traffic to preventing and investigating crimes. They maintain order, enforce laws and ordinances, issue traffic summonses, investigate accidents, present evidence in court, serve legal documents for the court system, and apprehend, arrest and process prisoners. Career opportunities include positions as private investigators, security officers, loss-prevention officers, police officers, sheriff and deputy officers, criminal investigators, game wardens, private detectives, and bailiffs.

Many law enforcement agencies encourage the applicants to take post-secondary school training in law enforcement-related subjects. Many entry-level applicants for police jobs have completed some formal post-secondary education and a significant number are college graduates. Knowledge of a foreign language is an asset in many federal agencies and urban departments.

Additional information on professional requirements and qualifications may be obtained from the U.S. Department of Labor, Bureau of Labor Statistics, at [www.bls.gov](http://www.bls.gov) (<https://www.bls.gov>).

**NOTE:** An articulation agreement exists with the New Mexico Department of Public Safety that makes it possible to receive college credit for experience and/or training.

**NOTE:** All courses in this program may be applied toward a Bachelor of Applied Studies or Individualized Studies degree at NMSU.
