

BUILDING TRADES WOODWORKING - CERTIFICATE OF COMPLETION

The Woodworking Certificate Program is designed to provide participants with a comprehensive and hands-on experience in the art and craft of woodworking. This program is ideal for individuals seeking to develop their skills in woodworking, whether as a hobbyist or as a foundation for a potential career in the woodworking industry. Upon successfully completing the program, participants will receive a recognized certificate. This credential not only showcases your commitment to mastering the art of woodworking but also serves as a valuable asset for those pursuing woodworking as a profession.
