

SOCIAL WORK - ASSOCIATE OF SOCIAL WORK

A Suggested Plan of Study

This roadmap assumes student placement into ENGL 1110G Composition I and a College level MATH, such as MATH 1350G Introduction to Statistics, and demonstrates how to complete an Associate degree in two years. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change. Students are advised to earn a C or better in courses to avoid repeating courses. Students may take a Spanish Language test and begin at that point, but must be proficient through the first year.

First Year

Fall		Credits
CEPY 1120G	Human Growth and Behavior	3
ENGL 1110G	Composition I	4
