

ONLINE EDUCATION

NMSU Global Campus includes 100% online undergraduate and graduate degrees, doctorates, certificates, and microlearning courses. NMSU Global Campus serves students who need the flexibility of anytime, anywhere learning to pursue their education and career goals. There are 70+ programs and 500+ courses available to prepare students for careers and graduate study.

NMSU Global students meet the same departmental and institutional academic and curricular requirements. NMSU Global programs offer the same curriculum as the campus-based programs with courses developed and taught by expert faculty. NMSU Global courses are reviewed for quality course design and faculty are supported in best practices for online teaching. In addition,

NMSU Global programs are fully accredited by the Higher Learning Commission and often hold additional program accreditation from a professional accrediting agency.
